|    | Brief Project Description | La Vista Residential (the "Project") is a new construction, family, mixed-income Project. I will consist of 2 five-story elevator serviced residential buildings (Type II Construction). There will be 176 total units, 174 of which will be restricted between 30% and 80% of the Alameda County Area Median Income (AMI). There will be 38 studio units (416 s.f.), 47 on bedroom units (547 s.f.), 44 two-bedroom units (767 s.f.) and 47 three-bedroom units (98 s.f.). Two three-bedroom units will serve as the manager's unit. The project is not in a disaster area. The site is currently vacant. |   |           |                   |               |                       |  |  |  |  |  |

SLC Final Staff Report for: La Vista Residential

CalHFA Project Number: 21-033-A/X/N

SLC Date: 10/05/2022

Board Date: 10/20/2022

Hayward

**Financing Structure:** The Project's financing structure includes financing from tax-exempt bonds, taxable bonds, 4% Federal Tax Credit Equity (4% Federal LIHTC allocation), State Housing Tax Credit equity, subordinate recycled tax-exempt bonds and CalHFA permanent loan and Mixed-Income Program (original and supplemental). The project will be income averaged, pursuant to TCAC regulations.

**Tax Credits and/or CDLAC Status:** The project received an allocation for 4% federal tax credits and California state tax credits and bond cap from TCAC/CDLAC on June 15, 2022 and an allocation of supplemental tax-exempt bonds from CDLAC on September 1, 2022. The supplemental allocation was requested to add a cushion to the project's 50% aggregate basis requirement (the "50% test") which was at approximately 50% and now will increase to approximately 52%. The supplemental allocation is necessary to accommodate a potential cost increase during construction.

Ground Lease: Not applicable.

**Project Amenities:** The Project includes a community room, playground, outdoor recreational area with fitness equipment, indoor flex-room, computer lab, laundry facilities, elevators, and security features. Unit amenities will include dishwashers, disposals, and heating & air conditioning,

**Local Resources and Services:** For TCAC/CDLAC purposes, the Project is located within a Low resource area per TCAC/HCD's 2022 Opportunity Area Map. The Project is in close proximity to the following local amenities and services:

- Grocery stores 0.95 miles
- Pharmacy 0.54 miles
- Schools 0.50 miles
- Public Library 1.43 miles
- Public transit 0.25 miles
- Fire 0.76 miles
- Police 2.90 miles
- Park and recreation 0.67 miles
- Hospitals 0.65 miles

Non-displacement <u>and</u> No Net Loss: To the extent feasible, it is the Agency's priority to mitigate the overall effects upon affordable housing availability that may arise from multifamily developments that may result in permanent displacement of existing affordable housing residents and/or net loss of existing affordable housing units. The Project is a new construction project on vacant land, with no related demolition of existing affordable housing, hence no existing affordable housing units will be lost nor will existing residential households be displaced as a result of this development.

**Commercial and/or Other (i.e., Parking) Space:** The Project does not include commercial space.

#### **MISSION**

#### 3. | CalHFA Mission/Goals

This Project and financing proposal provide 174 units of affordable housing with a range of restricted rents between 30% of AMI and 80% of AMI which will support much needed rental housing that will remain affordable for 55 years.

<sup>\*</sup> Repayment of the CalHFA Supplemental MIP allocation shall have priority over the Original MIP Loan allocation in

accounting for the repayment of the MIP Loan.

\*Gap Funding Explanation and request for supplemental MIP subsidy loan funding: The Sources of Funds chart shown above includes more detailed information related to each financing and/or equity source and uses during the construction and permanent periods of development.

At the time of CalHFA's initial commitment (March 2022), the developer estimated the total development cost (TDC) to be \$95,182,214 or \$540,808/unit. CalHFA issued an initial commitment based on these initial costs estimates for the developer to use to apply to CDLAC for tax exempt bond cap and to CTCAC for federal tax credits. On June 15, 2022, the Borrower received the related allocations from CDLAC and CTCAC. On September 1, 2022, the Borrower was awarded supplemental bond allocation from CDLAC.

On the sources side, there were cost adjustments related predominantly to; 1) market related increases driving CalHFA's higher interest rate and spreads which resulted in a \$3,200,000 reduction to the permanent loan amount; 2) increase in investor equity contribution of \$7,077,148; 3) increase in deferred developer's fee of \$377,814. On the Uses side, cost increases were related to; 1) increased construction hard costs of \$6,586,624; 2) increased financing costs of \$163,573; 3) increased construction interest reserves of \$502,116; 4) increases to other soft costs of \$273,009. Overall, the deficit in the updated budget is \$3,270,000.

The Borrower has requested a \$3,270,000 increase to the MIP Subsidy Loan in an effort to offset cost increases and loan reductions outlined above and below. The summary of changes in sources and uses between initial commitment vs. current proposed are outlined below:

Hard Cost/Soft Cost changes: The Project experienced significant increases in the cost of construction due to COVID, labor shortages and supply chain issues that resulted in the construction costs budget increasing by \$6,586,264. As reflected on the above chart, most other budget line items increased as a result of loan financing costs and other soft costs related to macroeconomic factors, such as inflation.

SLC Final Staff Report for: La Vista Residential

CalHFA Project Number: 21-033-A/X/N

SLC Date: 10/05/2022

Board Date: 10/20/2022

Deferred Developer Fee: The current budget also reflects no increase to the developer fee, however, the current deferred developer's fee (DDF) is approximately \$377,814 higher than the original budget, which results in an increase of the net DDF by \$377,814 (original developer fee \$11,887,186 with \$7,867,186 deferred and current developer fee \$11,887,186 with \$8,245,000 deferred).

Perm Loan Reduction & Equity Contribution Adjustment: The equity contribution adjustment is anticipated to increase by approximately \$7,077,148 due to increases in eligible basis. At receipt of the Supplemental MIP application, the CalHFA permanent loan of \$27,500,000 was reduced by \$4,390,000 to \$23,110,000. This was attributed to increases in perm loan financing costs related to macroeconomic factors, such as inflation. The interest rate of 6.55% included a 25bps underwriting cushion and is inclusive of costs associated with the Agency offering extended rate lock period of 6+ months and interest rate hedging costs incurred by the Agency.

At final underwriting, to mitigate the funding gap of \$4,460,000, CalHFA was able to increase the perm loan by allowing the removal of 25 bps underwriting cushion which was possible by entering into an early rate lock agreement and hedge, locking the maximum rate at 6.30% fixed interest rate for loan closing (perm conversion at 36-month forward from construction loan closing). This resulted in a permanent loan increase of \$1,700,000 to \$24,300,000, which reduced the overall funding gap to \$3,270,000 as shown above.

The estimated funding gap after exhausting all resources available to the project totals approximately \$3,270,000. The Borrower has requested an increase to the MIP Subsidy Loan of \$3,270,000 to fund the remaining gap. Pursuant to the TCAC/CDLAC requirements, this project must begin construction by March 2023. A \$3,270,000 increase in the MIP supplemental subsidy (\$18,793/unit) results in an overall MIP Regulated Unit amount of \$47,529 per restricted unit. The original MIP and Supplemental MIP total is therefore \$8,270,000.

**Subsidy Efficiency:** The Initial MIP commitment for this Project was \$5,000,000 (\$28,736 per MIP restricted units). The current proposed MIP commitment is \$8,270,000 (\$47,529 per MIP restricted units) including the requested Supplemental MIP funding. Staff is recommending exceptions to the per project Allocation Limit of \$8,000,000. Approval of these exceptions are further detailed in the "Underwriting Standards or Term Sheet Variations" section 9 below.

#### Tax Credit Type(s), Amount(s) and per total units:

- 4% Federal Tax Credits: \$50,962,680 (\$292,889 per TCAC restricted unit).
- State Tax Credits: \$12,210,000 (\$70,172 per TCAC restricted unit).

**Rental Subsidies:** The Project will not be subsidized by project-based vouchers.

**Other State Subsidies:** The Project will not be funded by other state funds.

Other Locality Subsidies: The Project will not be funded by locality funds.

**Cost Containment Strategy:** The developer is using its affiliated company, Pacific West Buildings, Inc., as its General Contractor. The developer established cost containment strategies that include: 1) engaging the General Contractor to provide pre-construction services including: conceptual design review, estimating, value engineering, and a critical path schedule, 2) reviewing the GMP contract for any exclusions or exceptions to mitigate project cost increases, and 3) requiring that the General Contractor provide a minimum of 3 bids for each major trade and all other trades, if available.

**High-Cost Explanation:** The total development cost per unit is \$581,730. The Project is in a HUD high cost-designated area of the San Francisco Bay Area, which ranks as one of the most expensive places in the nation to develop and operate real estate. Other contributing factors are as follows:

 Construction costs are based on a cost estimate assuming a December 2022 construction start, though the developer has seen unprecedented hard cost escalation in recent years

- As required by the City, significant off-site improvements, including new pedestrian sidewalks, curbs, gutters, and roads are required, which total \$3,520,000.
- Significant onsite improvements, including earthwork, wet/dry utilities, concrete, and roads and parking, which total \$10,809,700.
- Local development Impact Fees include an additional Foothill Trail Improvement fee of \$326,500.

Deducting these costs results in an adjusted total development cost of approximately \$498,456 per unit.

**6.** Equity – Cash Out (estimate): Not Applicable.

#### TRANSACTION OVERVIEW

#### 7. Proposal and Project Strengths

- The Project has received 4% federal and state tax credits which is projected to generate equity representing 55.4% of total financing sources.
- The developer/sponsor has extensive experience in developing similar affordable housing projects and has
  experience with CalHFA.
- The Project will serve low-income families ranging between 30% to 80% of AMI. On average, the rents are between 10% to 65% below market rents based on current appraisal.
- The Loan-to-Value will be 49%, which is well below the Agency's maximum allowable LTV of 90% LTV. This results in less risk to the Agency.
- The exit analysis assumes a 2% increase (6.50%) cap rate and a 3% increase (9.30%) of the underwriting interest rate at loan maturity. Based on these assumptions, the Project will have the ability to fully repay the balance of Agency's permanent first lien and subsidy loans if the project is refinanced or re-syndicated at CalHFA loan maturity.

#### 8. Project Weaknesses with Mitigants:

- The total estimated deferred developer's fee is not anticipated to be fully repaid by year 15. The developer has confirmed that they will forgo any outstanding developer fee in year 15 and treat the amount as a developer's contribution. This condition will be documented in the investor commitment letter and/or LPA.
- The Project budget indicates a deficit of approximately \$3,700,000. The Borrower has requested an increase to the initially committed MIP subsidy loan to facilitate the progression of this shovel ready project to construction. Refer to section 5 for detailed explanation.
- The Project was previously owned by the California Department of Transportation (Caltrans) and was sold to the City of Hayward pursuant to a Director's Deed Grant. Such deed includes a Power of Termination, which requires that certain conditions be met by the City, otherwise the fee simple interest in the Project would revert back to Caltrans. Prior to construction loan closing, all conditions of the Director's Deed Grant must have been met, and a Relinquishment of Power of Termination, or such other document approved by the Agency, must be recorded against the property at construction loan closing, relinquishing Caltrans' Power of Termination and all other conditions placed on the Project by the Director's Deed Grant.

#### 9. Underwriting Standards or Term Sheet Variations

Pursuant to the MIP loan term sheet, no project may receive more than the lesser of (i) \$8 million project cap, (ii) the aggregate MIP loan amount based on up to \$50k per MIP regulated unit for a project, or (iii) MIP loan not to exceed 50% of the CalHFA perm loan. Based on the project economics, the combined original and supplemental MIP is \$8,270,000 (\$47,529/restricted unit), which exceeds the per project threshold. This is an exception to the MIP term sheet and is recommended by Multifamily Underwriting and Credit Staff for approval to facilitate the progression of a shovel ready project without delay; the project received tax credit and bond cap allocations from TCAC/CDLAC on June 15, 2022 and is ready to proceed to construction loan closing by December 2022.

#### 10. Project Specific Conditions of Approval

Approval is conditioned upon:

- No site work or construction commenced prior to the issuance of a HUD Firm Approval Letter.
- Prior to construction closing, receipt of seismic report confirming Probable Maximum Loss (PLM) below 20%, and/or other reports as deemed necessary by CalHFA.
- The total deferred developer's fee of \$8,245,000 will not be fully repaid by year 15 per project cashflow, therefore the owner must provide evidence of investors approval of the total deferred developer's fee structure.
- The Borrower has requested that 100% of surplus cash be available for the repayment of the deferred developer's fee (DDF) until the earlier of year 15 of operations is complete or full repayment of the DDF. Thereafter, the surplus cash split shall be 50% to Borrower and 50% to Residual Receipt lender(s). As a condition of this approval, the Borrower must provide evidence that the DDF repayment structure is required pursuant to the Limited Partnership Agreement (LPA). In addition, the owner must provide evidence of investor and all residual receipt lender(s) approvals of the total deferred developer's fee structure and residual receipt split. Residual receipt lenders must also agree to defer the payments on their loans.
- The locality is requiring the Borrower to encumber the Property by recording a Density Bonus Agreement. Prior to construction loan closing and closing of the CalHFA loan(s), the Density Bonus Agreement is subject to CalHFA review and approval in accordance with agency underwriting standards.
- The CalHFA subsidy (including the supplemental MIP subsidy loan) will be, in the Agency's sole discretion, the lesser of 1) the principal amount as stated on hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing and/or permanent loan closing.
- All MIP Loan principal and interest will be due and payable at maturity. Outstanding Supplemental MIP loan funds will have first repayment priority whether the source of repayment is cash flow during the term of the loan or repayment via refinance, partner contribution, or other source at loan maturity.
- Any default as to any loan by the Agency for the Development shall constitute a default under any other loan by the Agency for the Development.
- In the event of cost savings at permanent loan conversion, 100% of cost savings will be used to reduce the supplemental portion of the MIP loan amount first (may be shared with other residual receipt lenders on a pro rata basis, if applicable). Once the supplemental portion of the MIP loan amount is fully reduced, the remaining cost savings will be split 50% between reducing the original MIP loan amount (or may be shared with other residual receipt lenders on a pro rata basis, if applicable) and reducing the Deferred Developer Fee.
- Project includes approximately \$3.5 Million of offsite improvement costs which are anticipated to be paid for with a taxable construction loan and tax credit equity at permanent conversion. Funds from the CalHFA permanent loan and/or the subsidy loan shall not be used to fund or offset any portion of the offsite improvement costs.
- Prior to construction loan closing, all conditions of the Director's Deed Grant must have been met, and a
  Relinquishment of Power of Termination, or such other document approved by the Agency, must be recorded
  against the property at construction loan closing, relinquishing Caltrans' Power of Termination and all other
  conditions placed on the Project by the Director's Deed Grant.

#### 11. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions. As noted earlier, the supplemental MIP subsidy loan allocation of \$3,270,000 was not part of the Initial Commitment approved by SLC, and hence approval is being sought for this financing through the subject Final Commitment Approval.

#### **AFFORDABILITY**

#### 12. | CalHFA Affordability (Occupancy and Rent) Restrictions

The CalHFA Permanent Financing Regulatory Agreement will restrict a minimum of 40% of the total units at or below 60% of AMI; with 30% of the total units (53 units) at or below 60% AMI and 10% of the total units (18 units) at 50% of AMI for 55 years.

The CalHFA MIP Subsidy Regulatory Agreement requires 10% of total units (18 units) be restricted at or below 30% of AMI, 20% of total units (36 units) be restricted at or below 50% of AMI, and 10% of total units (18 units) be restricted between 60% and 80% of AMI with a minimum average of 70% of AMI for a term of 55 years. The rents for the 60% to 80% tranche will be determined by the minimum income limit of 70% of AMI, not to exceed 80% of AMI. The remaining 102 restricted units will be restricted at or below 120% of AMI. For underwriting purposes, the initial rents at permanent loan closing must be no less than the underwriting rent levels outlined on the "Unit Mix and Rent Summary" enclosed as part of the project's staff report package. The CalHFA permanent loan agreement will require minimum underwriting rent levels as outlined in the Rent Limit Summary Table Below.

CalHFA requires net rents to be at least 10% below market rents. To meet this requirement, the rents for the 50 units restricted at 80% AMI are underwritten approximately 11% below TCAC maximum rents and are 90% of market rents according to the appraisal dated 8/24/2022.

#### **APPRAISAL AND MARKET ANALYSIS**

# 18. Appraisal Review Dated: 9/17/2022

- The Appraisal dated 9/17/2022, prepared by Pacific Real Estate Appraisal, values the land at \$4,360,000.
- The cap rate of 4.50% and projected \$2,247,123 of net operating income, which is approximately \$330,354 higher than the developer proposed budget. This is attributed to the appraiser using TCAC maximum rents for the units restricted at 80% AMI where CalHFA and developer projections are underwriting these units 11% below TCAC maximums as described in section 12. Additionally, the appraisal estimates higher management costs than Developer projections. Eden Housing Management, Inc. has certified the project operating expenses and has calculated expenses based on similar projects they manage in the project area.
- The as-restricted stabilized value is \$49,940,000, which results in the Agency's permanent first lien loan to value (LTV) of 49%. The combined LTV, including MIP subsidy loan is 65%.
- The project capture rate is 4.98% of eligible households in the immediate market area, which is slightly lower than the market study dated 11/3/21.
- The project is expected to achieve stabilized occupancy within 7 months after construction completion which is approximately three months longer than market study estimates.

Market Study: Laurin & Associates
 Pated: November 3, 2021
 Regional Market Overview
 The Primary Market Area is the Central City of Hayward (population of 132,001). The Market Study deemed a Secondary Market Area "unnecessary due to the demand and wait lists for affordable units in the Central Hayward Primary Market Area." However, the area most appropriate for an SMA would include: the western portion of the City of Hayward, the southwestern portion of the City of San Leandro, and the Community of San Lorenzo.
 The general population in the PMA is anticipated to increase by 2.4% by 2025. The general populations in the entire City of Hayward and Alameda County are anticipated to increase by 2.6% and 3.0% (respectively) by 2025.
 Unemployment in the City of Hayward was 7.4% in 2021, down from 9.0% in 2020. Per the appraisal, the unemployment rate in August was 2.8%. At the time of the Market Study, the City has generally experienced higher unemployment due to the effects of the pandemic as services account for the largest employment sector in the City. Unemployment is expected to return to a more normal level in 2025 when the project is in lease-up.

#### **Local Market Area Analysis**

- Supply:
  - There are currently sixteen (16) affordable family projects in the Central Hayward Market Area, and they are 99.8% occupied with long wait lists.
  - There are two (2) affordable projects under construction that are expected to have a total of 380 units.
- Demand/Absorption:
  - The project will need to capture 5.3% of the total demand for family units in the PMA. The affordable units are anticipated to lease up at a rate of 44 units per month.
  - Stabilized occupancy overall is estimated within four months of completion.

The Developer is currently looking for cost saving design options to reduce construction costs and minimize the amount of deferred developer fee.  The developer has established cost containment strategies, which are outlined in Section 5 above.  During construction, the cost of the offsite improvements will be paid by the taxable loan from Chase Bank. At permanent loan closing, the sidewalks, gutters, curbs, and roads will be paid off by investor equity as follows:  Construction Permanent |   |   |        |                  |                   |                  |          |  |  |  |  |

The California Housing Finance Agency ("CalHFA" or "Agency") Mixed-Income Program ("MIP") provides competitive, long-term, subordinate financing for new construction multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Qualified Construction Lender (defined below). Additionally, the program must be paired with CalHFA's Permanent Loan product. The MIP resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of extremely low to moderate income renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

#### Qualifications

#### APPLICATION:

Sponsors/developers must submit a complete application package which includes all items listed on the application, the application addendum and the checklist. Incomplete application packages will not be considered. The application and checklist can be found at <a href="https://www.calhfa.ca.gov/multifamily/mixedincome/index.htm">www.calhfa.ca.gov/multifamily/mixedincome/index.htm</a>. If the sponsor/developer is not able to meet the readiness timeline referenced below, MIP funds may be rescinded and reallocated.

#### **AVAILABILITY:**

Available to for-profit, nonprofit, and public agency sponsors. Development teams must meet CalHFA experience requirements, as defined in the CalHFA Development Team Qualifications section below.

#### **USES:**

MIP subsidy loans must be used in conjunction with CalHFA's Conduit Bond Issuance Program and a construction loan from a CalHFA Mixed-Income Qualified Construction Lender. MIP subsidy loans must also be used in conjunction with CalHFA's permanent first-lien mortgage financing. CalHFA Mixed-Income Qualified Construction Lender is defined in that section below.

#### FINANCING STRUCTURE:

Projects accessing the MIP subsidy loan funds must be structured as one of the following:

1. Tax-exempt bond and 4% tax credit project where at least 51% of the units in the project must be tax-credit-financed

OF

2. Qualified mixed-income project through income averaging pursuant to Internal Revenue Code Section 42 (g)(1)(C).

# **Qualifications** (continued)

#### **READINESS:**

Projects must have site control and be prepared to submit for a bond and tax credit allocation and will only receive funds if bonds are issued within the issuance timeframes specified in the California Debt Limit Allocation Committee's (CDLAC) Regulations Section 5100.

- 1. Site: The site must be ready for construction (all potential environmental issues have been identified, mitigation plan is in place, and costs associated with the mitigation plan have been incorporated in the development budget). Environmental issues may include, but not be limited to, receipt of clearances for CEQA, NEPA, and applicable tribal land environmental reviews. Pursuant to HUD-Risk Sharing requirements, sponsor is expected to start the NEPA process shortly after CalHFA verifies application completeness and determines that the project is ready to move forward with an initial commitment ("notification date"). The NEPA clearance and HUD's firm approval letter will be required prior to construction loan closing.
- 2. General Contractor and/or Third Party Construction Services Engagement: At the time of application, applicant must provide evidence that the applicant or developer has engaged a general contractor or third-party construction services company to provide construction services including, but not limited to, value engineering, bid/budget services, and constructability review of plans and designs. In addition, the proposed construction budget is based on the general contractor's or third-party construction services company's preliminary bid estimates pursuant to the current plans and designs.
- **3. Disposition and Development Agreement:** Applicant must provide a copy of the disposition and development agreement, if applicable.
- 4. Construction Start: All projects must commit to begin construction 180 days from the earlier of the date of the tax-exempt bond allocation or 4% federal/state tax credit reservation, unless an extension has been approved by California Tax Credit Allocation Committee (CTCAC), CDLAC, and CalHFA, as applicable. Within the 180-day period, the following items must be submitted to CalHFA in their final form:
  - A complete, updated application form along with a detailed explanation of any changes from the initial application,
  - b. An executed construction contract,
  - Recorded deeds of trust for all construction financing (unless a project's location on tribal trust land precludes this),
  - d. Binding commitments for any other financing required to complete project construction,
  - e. Copy of a limited partnership agreement executed by the general partner/sponsor and the investor limited partner/equity provider,
  - f. Payment of all construction lender fees,
  - g. Copies of buildings permits (a grading permit does not suffice to meet this requirement, except if the city or county as a rule does not issue building permits prior to the completion of grading, then a grading permit shall suffice; if the project is a design build project in which the city or county does not issue building permits until designs are fully complete, the city or county shall have approved construction to begin) or the applicable tribal documents,
  - h. Copy of the notice to proceed delivered to the contractor,
  - If no construction lender is involved, evidence must be submitted within 180 days, as applicable, that the equity partner has been admitted to the ownership entity, and that an initial disbursement of funds has occurred,
  - j. Other documentation and information required by CalHFA to close construction financing.

# **Qualifications** (continued)

#### MIP ALLOCATION LIMITS:

(Exceptions may be considered by Agency in its sole discretion)

- 1. **Project Cap:** No project may receive more than the lesser of \$8 million, or the aggregate MIP loan amount calculated based on up to \$50,000 per MIP regulated units or up to \$60,000 per MIP regulated units for a Project located within the Highest or High Resource areas pursuant to CTCAC regulations designated on the CTCAC/HCD (California Department of Housing and Community Department) Opportunity Area Map.
- 2. **Sponsor Cap:** No sponsor (any individual, entity, affiliate and related entity) may receive more than 20% of total MIP allocation or funding of two projects, whichever is less, for the respective year.
- 3. County Cap: No one county may receive more than 25% of total MIP allocations for the respective year.
- 4. Age-Restricted Cap: No more than 25% of total MIP funds for the respective year may be received by age-restricted projects (units that are restricted to residents who are 62 years of age or older under the applicable provisions of California Civil Code Section 51.3 and the federal Fair Housing Act), unless a waiver of the minimum age requirement has been granted by U.S. Department of Housing and Urban Development ("HUD").

#### **EVIDENCE OF COST CONTAINMENT:**

A Cost Containment Certification must be provided at the time of Construction Loan Closing in a form acceptable to CalHFA in its sole discretion. The certification acceptable to CalHFA may be found at <a href="https://www.calhfa.ca.gov/multifamily/mixedincome/forms/closing-cost-containment-certification.pdf">www.calhfa.ca.gov/multifamily/mixedincome/forms/closing-cost-containment-certification.pdf</a>.

The developer/sponsor must certify that cost containment measures have been implemented to minimize construction costs. These measures should include, but may not be limited to, 1) competitively bidding out all major subcontractor and self-performing trades and 2) engaging a value engineer/consultant during the design process.

#### **EVIDENCE OF SUBSIDY EFFICIENCY:**

A Subsidy Efficiency Analysis will be completed as part of the application review. The analysis will be completed again prior to construction loan closing and closing of the MIP subordinate loan. The MIP loan amount may be reduced based on the final analysis. Parameters of the analysis may include, but are not limited to, the following:

- A maximum of 1.20 Debt Service Coverage Ratio ("DSCR") at year 1 ("Initial DSCR"). CalHFA may allow an
  initial DSCR higher than 1.20 on a case-by-case basis, if deemed necessary. The year 1 DSCR underwritten
  at the time of final loan approval and final commitment must be maintained through the term of the
  CalHFA permanent first lien loan,
- A project cash flow that supports the residential component of the project based on the required CalHFA
  permanent first lien annual debt service coverage ratio,
- A separate project cash flow that supports any commercial component of a mixed-use project,
- A cash flow after debt service shall be limited to the higher of 25% of the anticipated annual must pay debt service payment or 8% of gross income, during each of the first three years of project operation,
- Inflation factors and vacancy rates consistent with the Agency's Underwriting Standards,
- Developer Fee requirements matching those required under the 4% federal and/or state tax credit reservation,
- Capitalized reserves subject to approval by Agency for reasonableness consistent with the Agency's Underwriting Standards and the Investor Limited Partnership Agreement (ILPA),

# **Qualifications** (continued)

- Review of Excess Sources over final Uses as approved by CalHFA resulting from any of the following:
  - · An increase in tax credit equity,
  - · An increase in permanent loan debt due to a combination of permanent loan rate reduction and/or reduction to operating expense assumptions;
- Construction Cost Savings as evidenced by final cost certification, funds shall be used to reduce the MIP loan prior to CalHFA MIP loan closing or if required by other subordinate lenders, funds may be split on a pro rata basis between CalHFA and other subordinate lenders,
- State tax credit request is expected to be within a range of \$50,000 to \$75,000 per unit. The projects that evidence the most efficient use of bond cap, state tax credits, and MIP per adjusted unit shall be prioritized for MIP funding considerations. The bond cap, state tax credits, and MIP per adjusted unit calculation shall be consistent with CDLAC Regulation Section 5231(g)(1) and 5231(g)(2). MIP final commitment shall be subject to evidence of project's receipt of CDLAC's preliminary tax-exempt bond allocations and CTCAC's tax credits reservations within the respective year,
- Acquisition cost shall be the lesser of 1) the purchase price pursuant to a current purchase and sales
  agreement between unrelated parties, 2) the purchase price of an arm's length transaction executed within
  the past 10 years plus reasonable carrying costs, or 3) the appraised "as-is" value based on an Appraisal
  acceptable to CalHFA in its sole discretion. The appraised value of the real estate may be considered if the
  arm's length transaction exceeds 10 years.

## CalHFA Mixed-Income Qualified Construction Lender

A CalHFA Qualified Construction Lender is defined as a Construction Lender that has closed at least five construction loans using tax-exempt bonds and 4% federal and/or state tax credits in California within the last three years and satisfies the requirement set forth within the application.

# CalHFA Mixed-Income Development Team Qualifications

The **Developer/Co-Developer/General Partner** must be registered to do business and in good standing in the state of California. A CalHFA Qualified Developer/Co-Developer/General Partner must have developed at least three comparable projects within the past five years or meet the requirements to receive a minimum of 7 points under the CDLAC General Partner Experience category pursuant to CDLAC Regulations Section 5230(f).

The proposed **Project Manager** must have personally managed the development of at least two comparable projects within the past five years.

**Financial Consultants** hired to assist the Developer in meeting the minimum experience requirements must be able to provide details regarding at least three comparably financed projects over the last five years.

**Architects** new to CalHFA must provide information for three comparable projects they designed that were built and occupied within the past five years in California.

**General Contractor (GC)** must be licensed by the State of California. GCs new to CalHFA must provide information related to three comparable (in design) projects built in the past five years. Similar information will be required for the proposed on-site construction supervisor. The on-site construction supervisor must have overseen three comparable projects built in the past five years, and they must have overseen the projects from construction start to final completion.

Tax Credit Investors must have closed/executed at least five investor limited partnership agreements for a comparable deal structure using tax-exempt bonds and 4% federal and/or state tax credits in California within the last three years.

| CalHFA Mixed-Income Development Team Qualifications (Continued) | Management Company must have a local presence or a field office in Northern or Southern CA (depending on the location of the Project) and have experience managing at least 10 low- to moderate-income, rent-restricted comparable (size and tenant types) projects. Also required is a resume for the proposed on-site Property Manager, reflecting prior experience during the past five years managing onsite project operations and compliance with rent-restricted units or meet the requirements to receive a minimum of 3 points under the CDLAC Management Company Experience category pursuant to CDLAC Regulations Section 5230(f).   |

the unit types must be at 50% or less of AMI ("10% @ 50% AMI").

# Mixed-Income Project Occupancy Requirements (Continued)

#### MIXED INCOME REGULATORY AGREEMENT REQUIREMENTS (ALL PROJECTS):

#### **Affordability Requirements:**

- To qualify, a project must meet the following affordability restrictions, which are based on the HUD and locality (as applicable) income and rent limits which are current at the time of MIP application, for a term of 55 years:
  - a. 30% of total units at or below 50% of AMI. Of these, a minimum of 10% of total units must be at or below 30% of AMI,
  - b. 10% of total units between 60% and 80% of AMI with an average of 70% of AMI or greater, subject to the Maximum Allowable Rents outlined below, and
  - c. Remaining 60% of total units at or below 120% of AMI (with the exception of any non-restricted manager's unit(s)) OR at the affordability restrictions consistent with CTCAC requirements.
  - d. The minimum range between the lowest and highest occupancy target levels must be at least 40%.

    (Deviations from the above requirements will only be considered if Market Study supports such deviations.)
- 2. If applicable, tax credit transactions that are income-averaged must have a maximum average affordability up to 60% of AMI across all CTCAC restricted units.

# Mixed-Income Project Occupancy Requirements (Continued)

#### **MAXIMUM ALLOWABLE RENTS:**

Rents for all restricted units must be at least 10% below market rents for the MIP affordability term as evidenced by a current market study or appraisal. This threshold will be analyzed at time of application and again at CalHFA's final commitment approval and may be monitored on an ongoing basis for the MIP affordability term. The report shall be current within 180 days of Agency's final commitment and may be subject to required updating if the report expires prior to construction loan closing. For underwriting purposes, CTCAC and locality maximum rents for the respective target income limits must be used. Any proposed rent adjustments above 5% of the approved rents subsequent to construction loan closing may be considered if supported by a recent or updated market study or appraisal that is dated within 180 days of MIP loan closing, at CalHFA's sole discretion.

Any units restricted by the Agency pursuant to this program, including those units restricted in addition to the minimum requirements set forth above, shall be rented at rents not to exceed 30% of the applicable income restriction required in the Agency's Regulatory Agreement.

## Mixed-Income Subordinate Loan

- 1. Maximum loan amount for each project shall not exceed the lesser of \$8 million or the aggregate MIP loan amount calculated based on up to \$60,000 per MIP regulated units, unless an exception is approved by Agency in its sole discretion.
  - a. Maximum loan per restricted (tax credit or CalHFA) units between 30%-120% AMI shall be up to \$50,000.
  - Projects located within the Highest or High Resource areas pursuant to CTCAC regulations designated on the CTCAC/HCD Opportunity Area Map shall be eligible for an additional amount up to \$10,000 per MIP regulated unit. Opportunity Map Home Page: <a href="www.treasurer.ca.gov/ctcac/opportunity.asp">www.treasurer.ca.gov/ctcac/opportunity.asp</a>
- 2. Loan size based on project need but cannot be more than 50% of the permanent loan amount.

# Mixed-Income Subordinate Loan Rates & Terms

- 1. Interest Rate: Greater of 1% simple interest or the applicable federal rate (AFR) at time of MIP closing.
- 2. Loan Term: The MIP loan term shall be coterminous with the CalHFA permanent first lien loan.
- 3. Lien Position: Second lien position, after CalHFA permanent first lien loan.
- 4. Loan Payment: Residual receipt repayment based on cash flow analysis and split 50% to Owner and 50% to CalHFA and other residual receipt lenders. Residual receipt is defined as 50% of surplus cash which is determined as net operating income minus total debt service and other Agency approved payments. Payments shall be applied to the current and/or accrued interest and then principal of the MIP loan. Deviation from the net cash flow split may be granted 1) to meet equity investor's deferred developer's fee requirement as evidence by the limited partnership agreement, and 2) is subject to approval(s) by other residual receipt lender(s), as applicable.
- 5. Affordability Term: 55 years.
- 6. Prepayment: May be prepaid at any time without penalty.
- 7. Subordination: A subordination and/or extension of MIP maturity request in conjunction with a resyndication, refinance, or ownership transfer ("capitalization event(s)") will be considered. If MIP loan is outstanding at time of the capitalization event(s) and requires subordination at the time of such event, the surplus cash split between borrower and CalHFA and other residual receipt lenders may be altered to reflect an increased percentage of residual receipts to CalHFA out of Borrower's share until such time as the MIP loan is paid in full. The remaining residual receipts may be split between other residual receipt lenders.
- 8. Funded: Only at permanent loan conversion.

# TAX-EXEMPT PERMANENT LOAN PROGRAM

CalHFA's Tax-Exempt Permanent Loan Program ("Perm Loan") provides competitive tax-exempt long-term financing for affordable multifamily rental housing Projects. Eligible projects include newly constructed or acquisition/rehabilitation developments that provide affordable housing opportunities for individuals, families, seniors, veterans, and special needs tenants ("Project").

# Qualifications

- Available to for-profit, non-profit, and public agency sponsors.
- Tax-exempt bond authority must be obtained from the California Debt Limit Allocation Committee (CDLAC) or through a 501(c)(3) exemption.
- The Tax-Exempt Permanent Loan may be used with or without 4% low income housing tax credits.
- If a lender other than CalHFA is providing short-term, first-lien debt, CalHFA shall be used as the bond issuer (for more information, review the Conduit Issuer Program Term Sheet).
- For Section 8 Projects, a final commitment is conditioned upon review and acceptance by CalHFA of the HAP or AHAP contract.
- The Perm Loan will be credit-enhanced through CalHFA's HUD/FHA Risk Sharing Program.
- For existing CalHFA portfolio loans, the current owner is required to pay off all outstanding CalHFA debt. Visit www.calhfa.ca.gov for the <u>CalHFA Portfolio Loan Prepayment Policy</u>.

#### **Loan Amount**

- Minimum Perm Loan amount of \$5,000,000.
- Minimum 1.15x for initial debt service coverage ratio (include any financing with amortizing debt). If a Project includes CalHFA's subsidy loan, the maximum DSCR at year 1 shall not exceed 1.20, unless CalHFA approves a higher DSCR at its own discretion. The year 1 DSCR underwritten at the time of final loan approval and final commitment must be maintained as the minimum DSCR through the term of the Perm Loan. CalHFA may require the initial DSCR to be higher than the minimum 1.15x, if deemed necessary to meet the Agency's underwriting requirements.
- Lesser of 90% of restricted value or 100% of development costs. For Projects with equity being cashed out, the Perm Loan amount will be restricted to no more than 80% of the restricted value.

# Fees (subject to change)

- Application Fee: \$10,000 non-refundable, due at time of application submittal, and is credited toward
  the CalHFA Legal Fee at Perm Loan closing. The applicant may be subject to a new Application Fee if the
  CalHFA commitment expires prior to construction loan closing.
- Perm Loan Fee: 1.00%, half due at final commitment, with balance due at Perm Loan closing.
- Credit Enhancement Fee: included in the interest rate.
- Annual Monitoring Fee: \$7,500 annually (not to be duplicated if used in conjunction with CalHFA's Conduit Program).
- Inspection fees should be estimated at \$500 per month for the term of the construction (reports and fees can be shared with other construction lenders)
- Legal Fee: \$35,000, half due at final commitment, with balance due at Perm Loan closing.
- Perm Loan Funding Fee: \$110,000 at Perm Loan closing.
- Administrative Fee: \$1,000 at Perm Loan closing.
- Letter of Interest Fee: \$5,000 at LOI request, and is credited toward the CalHFA Perm Loan Fee

See CalHFA standard Conduit Issuer Program Term Sheet for information on conduit issuance fees.

# **Occupancy** Requirements

2022 CALIFORNIA HOUSING FINANCE AGENCY

Must maintain the greater of (A) existing affordability restrictions, or (B) either (i) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area (county) median gross income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (ii) 40% or more of the units must be both rent restricted and occupied by individuals whose income is 60% or less of the AMI, with adjustments for household size ("40% @ 60% AMI"): however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI (i.e., 30% @ 60% AMI; 10% @ 50% AMI).

#### TAX-EXEMPT PERMANENT LOAN PROGRAM

## Occupancy Requirements (continued)

Any units restricted by the Agency pursuant to this program, including those units restricted in addition to the minimum requirements set forth above, shall be rented at rents up to 30% of the applicable income restriction using the occupancy assumptions required in the Agency's Regulatory Agreement. Rents for all restricted units must be at least 10% below market rents as evidenced by current market study or an appraisal.

CalHFA's regulated units must represent a comparable share of the available unit sizes (by bedroom count and square feet) and be disbursed throughout the project.

#### **Due Diligence**

The following due diligence is required to be provided at the Owner/Borrower's expense (refer to the program's document checklist for a full list):

- Appraisal\* (a construction lender's appraisal may be acceptable).
- HUD-2530 previous participation clearance.
- Construction Costs Review for new construction loans (other construction lender's review is acceptable).
- Physical Needs Assessment\* ("PNA") for rehabilitation projects with a Replacement Reserve Needs Analysis
  ("RRNA") over time for the first 20-year term (other lender's PNA/RRNA may be acceptable). A RRNA for a
  longer time period may be required if the Perm Loan term is greater than 20 years.
- Phase I and Phase II (if applicable) Environmental Site Assessment\* including, but not limited to, impact reviews that meet federal environmental requirements (such as historic preservation and noise remediation).
   The Purpose section of Phase I must state "a purpose of the Phase I is to document compliance with HUD policy pursuant to 24 CFR §58.5(i)(2) or §50.3(i)".
- Market Study\* satisfactory to CalHFA.
- NEPA Review.
- Termite/Dry Rot reports\* by licensed company.
- Seismic review\* and other studies may be required at CalHFA's discretion.

\*Note: Third party reports shall be within 180 days prior to the CalHFA's final commitment approval and may be subject to a new or updated report if the report(s) was completed more than 180 days prior to construction loan closing, in CalHFA's sole discretion.

## Required Impounds and Reserves

- Replacement Reserve: Initial cash deposit required for existing Projects with annual deposits between \$250 and \$500 per unit/per year depending on the Project type and PNA/RRNA findings.
- Operating Expense Reserve ("OER"): 3-6 months of operating expenses, reserves, debt service, and
  monitoring fees due at Perm Loan closing (letter of credit or cash) and held for the life of the CalHFA Perm
  Loan by CalHFA. In the event OER funds are drawn down during the term of CalHFA Perm Loan, it must be
  replenished over a period of 12 months to the original level.
- Impounds held by CalHFA: One year's prepaid earthquake, hazard and liability insurance premiums, and property tax assessments are collected at loan closing. An earthquake insurance waiver is available for Projects which have met CalHFA earthquake waiver standards during rehabilitation or construction.
- Transition Operating Reserve (TOR): required for Projects with state or locally administered rental subsidy contracts with contract terms that are less than 20 years or the CalHFA Perm Loan term.
- Other reserves as required (at CalHFA's discretion).

#### CONDUIT ISSUER PROGRAM

# Occupancy Requirements

- Either (A) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of the area median income as determined by HUD ("AMI") with adjustments for household size ("20% @ 50% AMI"), or (B) 40% or more of the units must be rent restricted and occupied by individuals whose income is 60% or less of AMI, with adjustments for household size ("40% @ 60% AMI"); however in the latter case, a minimum of 10% of the units must be at 50% or less of AMI (i.e., 30% @ 60% AMI; 10% @ 50% AMI).
- Any units restricted by the Agency pursuant to this program, including those units restricted in addition to the
  minimum requirements set forth above, shall be rented at rents up to 30% of the applicable income restriction
  using the occupancy assumptions required in the Agency's Regulatory Agreement. Rents for all restricted
  units must be at least 10% below market rents as evidenced by a current market study or an appraisal.
- Borrower will be required to enter into a Regulatory Agreement which will be recorded against the Project for
  the Qualified Project Period (as defined in the CalHFA Regulatory Agreement). This includes the later of the
  federally-required qualified project period, repayment of the Bond funded loan, redemption of the Bonds,
  the full term of the CDLAC Resolution requirements or 55 years.
