	ne City of Folsom and Sacramento County have contributed to the Project as demonstrated by providing a loan of 1,680,000 and waiving fees in the amount of \$121,545.						
7.	Project Weaknesses with Mitigants:						
m lo \$ cu su lo	The exit analysis assumes increases of 2% over the going-in cap rate and 3% over the underwritten interest rate at loan naturity. Based on these assumptions, the Project will have the ability to fully repay the balance of Agency's permanent ban but may only have the ability to repay a portion of the Agency's subsidy MIP loan in the estimated amount of 407,244, leaving a loan balance of \$4,104,052. This is as expected by CalHFA given the requirement that the MIP loan be o-terminus with the permanent first mortgage. The primary source of repayment for both the first mortgage and the MIP ubsidy loan is refinance of the project first mortgage. To the extent such a refinance is insufficient to fully repay the MIP poan, it is contemplated that any remaining balance will be paid from a general partner contribution as part of the final lose out of partnership obligations to allow re-syndication.						

8.	Underwriting Standards or Term Sheet Variations
	The Developer is deferring 29% of the developer fee, which affects the repayment of the MIP loan. The proposed repayment is structured as follows:
ä	) Until deferred developer fee is paid in full (anticipated to be year 14): 75% of net cash flow paid towards developer fee, 25% to the MIP loan.
k	b) Upon payment of developer fee: 50% of net cash flow to Developer and 50% of net cash flow to the MIP loan.
9.	Project Specific Conditions of Approval
٩ppr	oval is conditioned upon:
•	The Project must meet the readiness requirements within 180 days from TCAC/CDLAC allocation.
•	CalHFA will require the developer to provide a cost containment certification that is acceptable to the Agency.
•	Confirmation from the City of Folsom of the residual receipt distribution.
	Receipt of a certification by the engineer on record that Project has been built to current seismic code acceptable to the Agency prior to permanent closing.
	Lender(s), equity investor, and borrower shall permit CalHFA to recycle all or a portion of Project's tax-exempt bonds, as applicable.
•	CalHFA requires that MIP affordability covenants be recorded in first position
	The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as state on hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing For instance, if the permanent loan interest rate decreased, then the subsidy may be reduced due to additional debt generated by the lower interest rate. An increase of the subsidy loan will not be allowed and will be subject to Agency's approval.
	Closing on construction financing will be subject to final LPA being substantially consistent to the assumptions made at time of final commitment and that it is acceptable to CalHFA.
10.	Staff Conclusion/Recommendation:
	The Multifamily Lending Division supports approval of the described financing in the amount(s) requested, subject to the above proposed terms and conditions.

### 11. CalHFA Mission/Goals

This Project and financing proposal provide 71 units of affordable housing with a range of restricted rents between 30% AMI and 80% of AMI which will support much needed rental housing that will remain affordable for 55 years.

### 12. CalHFA Affordability & Occupancy Restrictions

• The CalHFA Bond Regulatory Agreement will restrict a minimum of 40% of the total units at or below 60% AMI with 10% of these units (8 units) at 50% or less of AMI for 55 years.

- The CalHFA MIP Subsidy Regulatory Agreement will restrict 10% (8) of total units at or below 50% and 10% (8) of total units between 60% to 80% of AMI. The remaining 55 of restricted units will be restricted at or below 120% of AMI.
- The affordability restrictions for the Mixed Income Program require at least 10% of the units be restricted between 81% to 120% of AMI, with an average of 100% of AMI, if supported by a market study. However, per the appraisal dated May 15, 2020, the Project can only support rents at a maximum of 80% AMI and still comply with the requirement that rents be at 10% below market. Therefore, this project will comply with affordability requirement of having 10% of the total units restricted between 60%-80% AMI with an average of 80% AMI.
- In addition, the Project will be restricted by the City of Folsom and Sacramento County. The Sacramento County Sanitation
  District offers a development impact fee waiver program for which the subject property qualifies Affordability restrictions
  to be no more restrictive than those of the CalHFA financing.

The information provided in this program description is for guidance only. While we have taken care to provide accurate information, we cannot cover every circumstance nor program nuance. This program description is subject to change from time to time without prior notice. The California Housing Finance Agency does not discriminate on any prohibited basis in employment or in the admission and access to its programs or activities. Not printed at taxpayer expense.

The CalHFA Mixed-Income Program ("MIP") provides competitive long-term subordinate financing for new construction multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Qualified Construction Lender (defined below). Additionally, the program must be paired with CalHFA's Permanent Loan product or a sponsor must work with a CalHFA Mixed-Income Qualified Permanent Lender (defined below). The Mixed-Income resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of very low to moderate income renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

### Qualifications

### APPLICATION:

Sponsors/developers must submit a complete application package which includes all items listed on the application, the application addendum and the checklist. Incomplete application packages will not be considered. The application and checklist can be found at <a href="http://www.calhfa.ca.gov/multifamily/mixedincome/forms/index.htm">www.calhfa.ca.gov/multifamily/mixedincome/forms/index.htm</a>.
