Commercial Space: The project consists of 5,667 SF of commercial space that fronts Main Street. The space is anticipated to be leased for tenants such as realtors, insurance brokers, small medical users, etc. The space is anticipated to be leased for retail. The commercial lease is structured as a triple net lease and the operating expense and revenue is not part of the Project's underwriting. The tenant will be paying real estate taxes, insurance, and maintenance costs for the space. An appraisal dated 7/20/2020 estimates that the retail space will generate an annual net income of \$89,051 assuming a 10% vacancy rate and 3% non-reimbursable expenses. This additional income is not considered in the underwriting of this project.

TRANSACTION OVERVIEW

6. Proposal and Project Strengths

- This is a mixed income and mixed-use project that will serve a broad range of seniors between 50% and 100% AMI. 80% percent of the units are targeted to tenants earning 50% to 60% AMI and 19% of the units are at 80% to 100% of AMI.
- The Project has been awarded 4% Federal and State tax credits which is projected to generate equity representing 49% of total financing sources.
- The projected portion of the developer's fee that will be collected at or prior to permanent loan conversion is \$2,036,365 which could be available to cover cost overruns and/or unforeseen issues during construction.
- There is a high demand for senior apartment in Oakley. All existing affordable senior project are 99% to 100% occupied, with long waiting lists of potential tenants, and market rate projects average 94% occupancy.
- The Project will be in superior condition relative to the comparable properties. It is anticipated to be fully leased within 7 months of completion.

7. Project Weaknesses with Mitigants:

- The developer/sponsor does not have previous experience with CalHFA. However, they have extensive experience in developing similar affordable projects in this region.
- The exit analysis assumes 7.25% cap rate and 3% increase of the underwriting interest rate at loan maturity. Based on these assumptions, the Project may only have the ability to repay a portion of the Agency's subsidy MIP loan in the estimated amount of \$3,527,211, leaving an outstanding balance of \$3,543,918. This is as expected by CalHFA given the requirement that the MIP loan be co-terminus with the permanent first mortgage. The primary source of repayment for both the first mortgage and the MIP subsidy loan is refinance of the project first mortgage. To the extent such a refinance is insufficient to fully repay the MIP loan, it is contemplated that any remaining balance will be paid from a general partner contribution as part of the final close out of partnership obligations to allow re-syndication.

8. Underwriting Standards or Term Sheet Variations

- The MIP loan amount of \$5,160,000 exceeds the maximum loan amount of \$5,000,000. Approval of this exception is recommended by Multifamily Underwriting and Credit Staff based on the following: 1) the term sheet allows for an exception for larger projects and this project is considered large, as it exceeds 100 units; 2) the MIP loan amount is \$40,000 per unit, which is consistent with the maximum per unit amount pursuant to the term sheet; and 3) approval facilitates the progression of a shovel-ready project without delay.
- The MIP term sheet requires repayment of the MIP loan to be a pro rata share of 50% of residual receipts between the MIP and other subordinate residual receipts lenders. The Developer has requested, and the Multifamily Lending Division recommends, a deferment of payments to the MIP loan until the earlier of repayment of the deferred developer fee, which is estimated to be in year 14, or 15 years.
- Per the 2019 MIP term sheet, projects applying for the 2019 MIP program are required to submit CDLAC applications for a 2019 allocation. Board Resolution 19-19 waived this requirement to allow for the project to apply for the November 2019 CDLAC application round for a 2020 allocation.

9. Project Specific Conditions of Approval

Approval is conditioned upon:

- Lender(s), equity investor, and borrower shall permit CalHFA to recycle all or a portion of Project's tax-exempt bonds, as applicable.
- The Project must meet the readiness requirements within 180 days from TCAC/CDLAC award.
- CalHFA will require the developer to provide a cost containment certification that is acceptable to the Agency.
- CalHFA requires that MIP affordability covenants be recorded in a senior position to foreclosable debt.
- The CalHFA subsidy will be, in the Agency's sole discretion, the lesser of 1) the principal amount as state on hereto or 2) an amount as determined by the Agency in the event the financial assumptions change prior to construction loan closing and/or permanent loan closing. For instance, if the permanent loan interest rate decreased, then the subsidy may be reduced due to additional debt generated by the lower interest rate. The debt service coverage ratio ("DSCR") shall be a maximum of 1.20. An increase of the subsidy loan will not be allowed and will be subject to Agency's approval
- CalHFA may require a copy of the construction and/or permanent lenders proforma evidencing consistent underwriting assumptions.
- Closing on construction financing will be subject to final LPA being substantially consistent to the assumptions made at time of final commitment and that it is acceptable to CalHFA.
- Borrower shall approve a participation agreement, if any, between the Permanent Lender and CalHFA in which the Permanent Lender and CalHFA shall participate in a portion of the first lien loan as determined between CalHFA and the permanent lender.
- Subject to receipt of a certification acceptable to CalHFA from the engineer on record that project was built to current seismic code prior to permanent loan closing.
- The City of Oakley requires the Density Bonus Agreement to record in first lien position. The MIP affordability covenants will record in second lien position, subject to execution of a standstill agreement with the City of Oakley.
- Subject to receipt of an independent review of the costs by a 3rd Party consultant prior to construction loan closing acceptable to CalHFA.

10. Staff Conclusion/Recommendation:

The Multifamily Lending Division supports approval of the described financing in the amount requested, subject to the above proposed terms and conditions.

MISSION & AFFORDABILITY

11. CalHFA Mission/Goals

This Project and financing proposal provide 129 units of affordable housing with a range of restricted rents between 50% AMI and 100% of AMI which will support much needed rental housing that will remain affordable for 55 years.

12. CalHFA Affordability & Occupancy Restrictions

The CalHFA Bond Regulatory Agreement will restrict a minimum of 40% of the total units at or below 60% AMI with 10% of these units at 50% of AMI for 55 year(s).

The CalHFA MIP Subsidy Regulatory Agreement will restrict 10% of total units (13 units) at or below 50% of AMI, 10% (13 units) of total units will be restricted at or below 80% of AMI, 10% (13 units) of the total units will be restricted between 81% to 120% of AMI, and 90 units will be restricted at or below 120% of AMI.

In addition, the Project will be restricted by the following jurisdictions as described below:

• The City will restrict 129 of the units between 50% AMI to 120% of AMI for a term of 55 years.

APPRAISAL AND MARKET ANALYSIS

18. Appraisal Review

- The Appraisal dated 7/20/2020, prepared by BBG, Inc., values the land at \$3,120,000.
- The cap rate of 5.25% was used to determine the appraised value of the subject site.
- The as-restricted stabilized value is \$26,500,000, which results in permanent loan to value of 75%.
- The vacancy rate amongst market rate multifamily properties in the PMA was 5.81% in 1Q 2020, versus 5.91% in 2019. However, all LIHTC managers in the market area reported 99%-100% occupancy and all maintain extensive waiting lists.
- The 7-month lease-up rate in the market is considered very conservative based on the assumption that significant preleasing will occur during construction.

The proposed operating expense is consistent with and is reasonable based on the appraisal report Market Study: Prepared by Novogradac Consulting LLP Dated: November 12, 2019 **Regional Market Overview** The Primary Market Area is a 5 mile radius that includes the towns of Oakley, Antioch, Bridgehead, Sand Hill, and Brentwood (population of 153,906) and the Secondary Market Area ("SMA") is San Francisco-Oakland-Hayward Metropolitan Statistical Area (MSA) (population of 4,679,494) The general population in the PMA is anticipated to increase by 1.4% per year and the senior population will increase by 3.9% per year through 2024. Unemployment in the MSA is 2.2%, which evidences a strong employment area. An unemployment analysis was not prepared for the PMA. The current unemployment rate is expected to be higher due to the potential impact of recent market conditions and COVID-19, however, the recent appraisal report evidence that the project is still located within an area with strong market demands for affordable housing. Market study states an average vacancy rate of 0.7% for comparable affordable properties and should achieve full occupancy within 7 months of completion. Regardless, the project has been underwritten with a 5% vacancy rate.

CalHFA Project Number: 19-015-A/X

Local Market Area Analysis

- Supply:
 - There are currently 12 senior project(s) in the PMA and they are 100% occupied with wait lists.
 - There is 1 proposed affordable senior project in the PMA and one market rate family project under construction.
- Demand/Absorption:
 - o The project will need to capture 10.3% of the total demand for senior units in the PMA.
 - The affordable units are anticipated to lease up at a rate of 15 units per month and reach stabilized occupancy within 7 months of opening.
 - o Average overall capture rate for 80% and 100% AMI units is 1.35%

31. Developer/Sponsor

The managing general partner, WCH Affordable LI, LLC, is a non-profit public benefit corporation founded in 1999. Their mission "is to promote affordable housing and provide social services to low-income senior and family households thereby enhancing their quality of life." The organization and its affiliates have an ownership interest in 89 affordable housing properties, all in California (7,803 units), of which 37 are senior communities. They also have 11 projects currently under construction.

The developer, Highridge Costa Development Co., is a leading developer, financier, owner and operator of affordable housing in the United Stated. Formed in 1994, the company is a joint venture between Michael Costa and the principals of Highridge Partners, Inc., a diversified privately held investment company with \$7B in assets. The developer has built over

CalHFA Project Number: 19-015-A/X

28,000 units across 283 communities, the majority of which are in California. The Developer focuses on the design, development and financing of affordable and senior apartments utilizing LIHTC and tax-exempt bonds. The developer has its own construction department that oversees all properties under construction, regularly interfacing with general contractors. The developer also has an affiliated property manager that will be managing the subject during lease-up to maintain compliance controls prior to hand-off to WinnResidential at stabilization.

Highridge has no experience with CalHFA. The currently have 2 projects under construction, 1 project in lease-up, 35 projects (3,860 units) completed involving bond financing and 11 projects (1,304) in the pipeline in addition to this one.

32. Management Agent

The Project will be managed by WinnResidential California L.P., which has extensive experience in managing similar affordable housing projects in the area and manages 5 projects in CalHFA's portfolio with good performance. Note that the developer has an affiliated property manager that will be managing the subject during lease-up to maintain compliance controls prior to hand-off to WinnResidential at stabilization. WinnCompanies, the umbrella company of WinnResidential California, LP, is the sixth largest multifamily housing manager in the United States and the largest affordable housing manager in the nation. As of 1/1/2019, WinnCompanies managed over 52,000 affordable housing units. An email communication dated 09/16/2020 from the Management Agent confirms that they have reviewed and are able to successfully perform their property management duties according to the projected operating budget.

33. Service Provider Required by TCAC or other funding source? X Yes No

LifeSTEPS will be engaged in providing onsite services to the residents, including: financing literacy education, health and nutrition, emergency response training, computer programs and personal development. There is no specified space for services, but there is an indoor multi-purpose room and outdoor community areas that can be utilized for group classes. There are also two office spaces and an indoor reading lounge that can be utilized for individualized resident services.

An MOU was executed in November 2019 confirming that service provisions will be provided for the life of the property ownership and in no case less than 15 years. At least 84 hours of adult education classes and 100 hours of health and wellness services will be provided on an annual basis.

34. Contractor Experienced with CalHFA? Yes No

The general contractor is HCHP Contractors, LP, which has extensive experience in constructing similar affordable housing projects in California, however, CalHFA is not familiar with the general contractor. HCHP is a general contracting subsidiary of Highridge Costa and serves as either the general contractor or Construction Manager on all HC projects. In addition to this project, HCHP will serve as construction manager on 6 housing projects in California and Hawaii. According to the qualifications submitted, HCHP Contractors generally meet CalHFA's underwriting standards. They have experience completing projects comparable in size and design and provided 3 project descriptions; one project is in California and two are located in Texas. The selected supervisor has extensive experience rehabbing projects as well as managing 2 new construction projects in the last 5 years. A superintendent has not yet been selected.

35. Architect Experienced with CalHFA? Yes No

The architect is SVA Architects, Inc., which has extensive experience in designing and managing similar affordable housing projects in California through the locality's building permit process, however, CalHFA is not familiar with the architect. Resumes of the Partner and project manager and past project information were reviewed and indicate that the team has experience designing comparable affordable housing projects.

36. Local Review via Locality Contribution Letter

The locality, City of Oakley Community Development Department, returned the local contribution letter stating they strongly support the project.

MIXED-INCOME LOAN PROGRAM

The CalHFA Mixed-Income Program ("MIP") provides competitive long-term financing for newly constructed multifamily housing projects restricting units (tax credit or CalHFA) between 30% and 120% of county Area Median Income ("AMI").

The MIP must be paired with CalHFA's Conduit Bond Issuance Program and a CalHFA Mixed-Income Preferred Construction Lender. Additionally, the program must be paired with CalHFA's Permanent Loan product or a sponsor must work with a CalHFA Mixed-Income Preferred Permanent Lender. The Mixed-Income resources will take the form of a subordinate loan to incentivize newly developed multifamily housing projects that serve a range of very low to moderate income California renters. Eligible projects must create newly constructed regulated units that meet the income and occupancy requirements reflected below.

Qualifications Available to for-profit, non-profit, and public agency sponsors. Development teams must meet CalHFA experience requirements. Subsidy resources must be used in conjunction with CalHFA's Conduit Bond Issuance Program and a construction loan from a CalHFA Mixed-Income Preferred Construction Lender. Subsidy resources must also be used in conjunction with CalHFA's permanent first-lien mortgage financing or financing from a CalHFA Mixed-Income Preferred Permanent Lender. Financing Structure: 1) Tax-exempt Bond and 4% tax credit projects where at least 51% of the units in each project must be tax credit financed or 2) Qualify as a mixed-income project under the California Debt Limit Allocation Committee's (CDLAC) regulations (50% or fewer units designated as tax credit or tax-exempt bond restricted) and use an allocation of private activity bonds to finance the project. Projects must have site control and be prepared to submit to CDLAC and TCAC by no later than the December 2019 CDLAC Allocation meeting and will only receive funds if bonds are issued within the issuance timeframes outlined in the CDLAC resolution. CalHFA Mixed-Selected annually through a CalHFA Request for Qualification process. **Income Preferred** Construction Lender Qualifications CalHFA Mixed-Selected annually through a CalHFA Request for Qualification process. **Income Preferred Permanent** Lender Qualifications **Permanent First** Provided by CalHFA or a CalHFA Mixed-Income Preferred Permanent Lender. Lien Loan Minimum loan amount of \$5 million. Minimum 1.15x for debt service coverage ratio.

MIXED-INCOME LOAN PROGRAM

Construction First Lien Loan	Provided by a CalHFA Mixed-Income Preferred Construction Lender.
Limitations	 Use cannot be combined with the Tax Credit Allocation Committee's (TCAC) 9% program. Use cannot be combined with the Department of Housing and Community Development's (HCD) State programs except for those programs that are administered by HCD on behalf of local jurisdictions including HOME and CDBG. Projects that have a below market rate component as a result of an inclusionary obligation or are 100% below market as a result of an inclusionary obligation must demonstrate master developer commitment through a dollar-for-dollar match of CalHFA's resources. Match can be obtained through a monetary match or equivalent in-kind contributions (e.g., land donation, land use fee concessions.) At the time of application to CalHFA, a project must not have already received an allocation of 4% tax credits from TCAC or bonds from CDLAC. Projects will not be eligible for subsidy resources from CalHFA in addition to this program.
Preferences/ Limitations (if competitive)	 Projects restricting at least 10% of the units to moderate income households, 81% to 120% AMI (CalHFA restricted), will be prioritized over other projects. Of the projects that restrict 10% of the units for moderate income households, preference will be given to projects with the lowest CalHFA subsidy request per unit. No one sponsor may receive more than 33% of the total subsidy awarded per year. No one county may receive more than 33% of the total subsidy awarded per year. No more than 25% of the total subsidy awarded per year may go to age-restricted projects.
Mixed-Income Project Occupancy Requirements	 Must maintain either (a) 20% of the units must be rent restricted and occupied by individuals whose incomes are 50% or less of AMI with adjustments for household size ("20% @ 50% AMI"), OR (b) 40% or more of the units must be both rent restricted and occupied by individuals whose incomes are 60% or less of AMI with adjustments for household size ("40% @ 60% AMI"): in the latter case, a minimum of 10% of the unit types must be at 50% or less of AMI ("10% @ 50% AMI"). Tax credit transactions that are income-averaged must meet the above minimum criteria. For tax credit transactions not considered mixed-income by CDLAC, at least 20% of the tax credit restricted units must be restricted at 80% AMI subject to a market study demonstrating the 80% is 10% below market. These restrictions will remain in effect for up to 55 years.
Mixed-Income Subordinate Loan	 Maximum loan amount of \$5 million, with exceptions considered for larger projects. Maximum loan amount of \$40,000 per restricted (tax credit or CalHFA) units (30%-120% AMI). Loan size based on project need but cannot be more than 50% of the permanent loan amount.
Mixed-Income Subordinate Loan Rates & Terms	 Interest Rate: 3.00% simple interest. Loan Payment: Residual receipt repayment based on cash flow analysis and split 50% to Owner and 50% to CalHFA and other residual receipt lenders. Of the 50% residual lender split, CalHFA's payment equals to proportionate share of total subordinate debt. Potential deferment possible for up to 15 years. Loan and Affordability Term: Up to 55 years. Assignability: Consent will be considered. Prepayment: May be prepaid at any time. Subordination: A subordination request in conjunction with a resyndication, refinance, or ownership transfer will be considered. If a longer loan term is requested, subordination will be negotiated. Funded: Only at permanent loan conversion.

Loan Fee: 1.00% of the loan amount (50% due at final commitment and 50% due at loan close). Legal Fee: \$15,000, due at loan closing (applicable if CalHFA is not providing permanent financing). MIP Fee Paid to CalHFA: 0.35% ongoing annual fee, commencing at permanent loan conversion, calculated based on the principal balance of an amortization schedule with the following assumptions: i) 55-year level-amortization; ii) start date, interest rate and the loan amount consistent with Permanent First-Lien Loan (applicable if CalHFA is not providing permanent financing). For projects where units are not all restricted by the MIP program (excluding Managers Units), the fee as described above will be multiplied by the proportion of MIP units to total units. **Conduit Bond Program Fees** Program Application Fee: Paid via MIP Application Fee. Issuance Fee: 1) The greater of \$15,000 or 0.2% of the Bond amount if less than \$20 million or 2) If more than \$20 million: \$40,000 + 0.10% of the amount above \$20 million. Public Sale: \$5,000-\$10,000 when bonds are sold to the public. Annual Administrative Fee: \$7,500 per year. Required CDLAC Fees. If CalHFA is selected as the permanent lender, please see <u>CalHFA terms sheet</u> for first mortgage loan fees,

The CalHFA Conduit Issuer Program is designed to facilitate access to tax-exempt and taxable bonds ("Bond") by developers that seek financing for eligible projects that provide affordable multifamily rental housing for individuals, families, seniors, veterans or special needs tenants ("Project"). The conduit Bonds may be used to finance the acquisition, rehabilitation, and/or development of an existing Project, or they can be used for the construction of a new Project.

Qualifications	 Available to for-profit, non-profit or public agency sponsors. Non-profit borrowers may be eligible for 501(c)(3) bonds. If bond proceeds are utilized to pay off an existing CalHFA portfolio loan visit www.calhfa.ca.gov for the CalHFA Portfolio Loan Prepayment Policy.
Bond Amount	Bond amount is determined by the loan amount of the selected construction lender.
Fees (subject to change)	 Application Fee: \$5,000 non-refundable, due at time of application submittal (covers the cost of the TEFRA) and is credited towards the CalHFA Issuer Fee. Issuer Fee: 1. The greater of \$15,000 or 0.20% of the Bond amount if less than \$20 million dollars 2. If more than \$20 million dollars: \$40,000 + 0.10% of the amount above \$20 million dollars 4. Annual Administrative Fee: \$7,500 (scattered site projects may require increased fees) due and payable in advance in annual installments commencing on Bond issuance through the term of the regulatory period. Public Sale: additional fee of \$5,000 to \$10,000 applies when Bonds are sold to the public. CDLAC Allocation Fee: 0.035% of the Bond amount, \$1,200 of which is due at time of CDLAC application submittal with the remaining fee due at construction loan closing, and is payable to CDLAC. CDLAC Performance Deposit: 0.50% of the requested Bond amount, not to exceed \$100,000, due at time of CDLAC application submittal. Deposit to be refunded after the Bond closing, upon receipt of authorization letter from CDLAC. The Borrower shall be responsible for all other costs of Bond issuance including fees of the underwriter, trustee, rating agencies, lender, compliance administrator, all Bond counsel legal fees, and any other parties required to complete the transaction.
